

## The Lake House Announces Temporary Closure

March 17, 2020 (Calgary, AB) – The Lake House, part of the Canadian Rocky Mountain Resorts family, has decided the best course of action is to close its doors temporarily. This decision is due to the recent COVID-19 outbreak and is a precautionary measure to ensure the safety of our valued staff and clientele.

CRMR values our client and staff safety above all else, and we feel we are making the safest decision to ensure social distancing is enacted within our own family of companies. We will reopen our doors once safe to do so, which will be decided by our governing bodies.
